MODULE SPECIFICATION

Academic Year (student cohort covered by specification)	2020-21
Module Code	GHM202
Module Title	Global Mental Health
Module Organiser(s)	Abhijit Nadkarni
Faculty	Public Health & Policy: London School of Hygiene & Tropical Medicine http://www.lshtm.ac.uk/php/
FHEQ Level	Level 7
Credit Value	**CATS** 15 **ECTS** 7.5
HECoS Code	100648
Mode of Delivery	Distance Learning
Mode of Study	Directed self-study, through online materials via the Virtual Learning Environment
Language of Study	English
Pre-Requisites	None
Accreditation by Professional Statutory and Regulatory Body	None
Module Cap (Maximum number of students)	None
Target Audience	Elective module for students on DL MSc/PGDip Global Health Policy programme. The module is also available as a stand-alone individual module for anyone interested in developing a critical understanding of the emerging field of global mental health.
Module Description	This module aims to introduce students to key issues in Global Mental Health and to provide a critical understanding of this emerging field. In this module we will critically assess the global burden of mental, neurological and substance use disorders in terms of disability, mortality and economic losses; explain the relevance of mental health to key issues in global health and development, compare and contrast different approaches to mental health promotion, prevention and treatment, and critically evaluate local and global priorities for mental health research, policy and services.

Duration	Moodle is open to access from 1ˢᵗ October each year. Students then plan their own studies between October and June.
Last Revised (e.g. year changes approved)	March 2020

Programme(s) This module is linked to the following programme(s)	Status
PGDip/MSc Global Health Policy (Distance Learning - University of London Worldwide)	Elective

Module Aim and Intended Learning Outcomes

Overall aim of the module
The overall module aim is to: introduce students to key issues in Global Mental Health and to provide a critical understanding of this emerging field.

Module Intended Learning Outcomes
Upon successful completion of the module a student will be able to: 1. critically assess the global burden of mental, neurological and substance use disorders in terms of disability, mortality and economic losses; 2. explain the relevance of mental health to key issues in global health and development; 3. compare and contrast different approaches to mental health promotion, prevention and treatment; 4. critically evaluate local and global priorities for mental health research, policy and services.

Indicative Syllabus

Session Content
The module is expected to cover the following topics: - Emergence of Global Mental Health;   - Priority Mental, Neurological and Substance Use Disorders;   - Culture and Critiques of Global Mental Health;   - Resources for Mental Health;   - Policy and Legislative Frameworks for Mental Health;

Session Content
• Social and Biological Risk Factors for Mental, Neurological and Substance Use Disorders;
• Mental Health and Humanitarian Crises;
• Human Rights and Stigma;
• Prevention of Mental, Neurological and Substance Use Disorders, and Promotion of Psychological Wellbeing;
• Suicide;
• Strategies to Scale Up Services;
• Priorities in Global Mental Health.

Teaching and Learning

Notional Learning Hours

Type of Learning Time	Number of Hours	Expressed as Percentage (%)
Directed self-study	72	48
Self-directed learning	28	19
Assessment, review and revision	50	33
Total	**150**	**100**

Teaching and Learning Strategy
Learning is self-directed against a detailed set of learning objectives using the materials provided. Module tutors provide asynchronous support for students by replying to students' questions in open online discussion forums and facilitating discussion. Students are also strongly encouraged to participate in live webinars available on Moodle to obtain tutor support, and to make use of LSHTM online library resources. In addition, written feedback is provided on submitted formative assignments.

Assessment

Assessment Strategy
Formal assessment of this module includes: 1) an annotated bibliography on a topic of importance to mental health policy in a specific country or region. (30%); and, 2) a policy report on the same topic and country or region. (70%). If students fail the module overall, they are allowed one further attempt at the failed element (assessment)

Summative Assessment

Assessment Type	Assessment Length (i.e. Word Count, Length of presentation in minutes)	Weighting (%)	Intended Module Learning Outcomes Tested
Assessed Assignment	150 words per reference (not including the reference itself) of 15 texts	30	1, 4
Assessed Assignment	2000 words	70	2, 3

Assignments for this module can be submitted only once annually. The annotated bibliography must be submitted no later than 14 February and the policy report must be submitted the no later than 12 May. All assignments must be submitted via the online Assignment Management System.

Resitting assessment
Resits will accord with the LSHTM's Resits Policy

A full list of essential, recommended and further reading is given for each session.

Teaching for Disabilities and Learning Differences

The LSHTM Moodle has been made accessible to the widest possible audience, using a VLE that allows for up to 300% zoom, permits navigation via keyboard and use of speech recognition software, and that allows listening through a screen reader.

For students with special needs, reasonable adjustments and support can be arranged – details and how to request support can be found on the University of London Worldwide website at https://london.ac.uk/applications/how-it-works/inclusive-practice-access-arrangements
