

TERMS OF REFERENCE

Parent Body: Senate

Purpose:

To have oversight of research governance matters across the School, including clinical trials, Chariot Innovations, the MRC/UVRI and LSHTM Uganda Research Unit and MRC Unit The Gambia at LSHTM.

To oversee the work of School bodies with particular responsibility for research governance matters, including the Research Ethics Committees and the Animal Welfare and Ethical Review Board (AWERB).

To consider and adjudicate on any appeals relating to decisions by the Research Ethics Committees.

To oversee the development of policies and procedures relating to research governance, to ensure that the School continues to comply with relevant regulatory requirements, the Concordat for Research Integrity, and best practice.

To promote best practice and encourage consistency in matters of research governance across the School.

To monitor compliance with School policies and procedures relating to research governance and external regulatory requirements.

To ensure that effective monitoring and reporting arrangements are in place to investigate any allegations of research misconduct.

To receive reports of research governance audits or inspections of the School by external bodies, including the Medicine and Healthcare products Regulatory Authority and the Human Tissue Authority, to receive regular reports from AWERB based on Home Office inspections, and to consider the School's response to any findings arising from these reviews, including monitoring the outcome of any associated action points.

REPORTING

The Committee will report on its activities to Senate. The Chair of the Research Governance Committee will use his or her judgement to determine whether the Committee can approve minor changes to regulations and other processes and procedures, or, whether these should be escalated to Senate for consideration.

To facilitate the governance structure outlined above, the Committee will produce a brief report annually for submission to Senate. An annual report on research governance and integrity is submitted by the Head of Research Governance and Integrity to the Audit and Risk Committee.
