

MODULE SPECIFICATION

Academic Year (student	2021-22			
cohort covered by				
specification)				
Module Code	GHM204			
Module Title	Law and Global Health Policy			
Module Organiser(s)	Rachel Hammonds			
Faculty	Public Health & Policy: London School of Hygiene & Tropical			
	Medicine			
	http://www.lshtm.ac.uk/php/			
FHEQ Level	Level 7			
Credit Value	CATS 15			
	ECTS 7.5			
HECoS Code	100485 : 100681			
Mode of Delivery	Distance Learning			
Mode of Study	Directed self-study, through online materials via the Virtual			
	Learning Environment			
Language of Study	English			
Pre-Requisites	PG Diploma and MSc students taking this module need to			
	have successfully completed at least 3 of the core GHP			
	modules – GHM 101, 102, 103 or 104.			
	Individual module students, London-based MSc students or			
	registered research degree students wishing to take this			
	module are expected to have working understanding of			
	materials and key concepts covered in GHM 102 The politics			
	of global health policy.			
Accreditation by	None			
Professional Statutory				
and Regulatory Body				
Module Cap (Maximum	None			
number of students)				
Target Audience	Elective module for students on DL MSc/PGDip Global Health			
	Policy programme. The module is also available as a stand-			
	alone individual module for anyone interested in developing			
	a critical understanding of the relationship between law and			

	nublic health, and how law can be used as a tool to see to st				
	public health, and how law can be used as a tool to protect				
	and promote public health.				
Module Description	This module introduces students to the role of law, both				
	national and international, as a tool of global health policy. It				
	focuses on increasing understanding of the relationship				
	between law and global health policy. It examines how law is				
	employed to address key global health policy challenges and				
	equips students to assess how law can positively or				
	negatively affects health.				
Duration	Moodle is open to access from 1 st October each year.				
	Students then plan their own studies between October and				
	June. Examinations are held in the first three weeks of June.				
Last Revised (e.g. year	March 2021				
changes approved)					

Programme(s) This module is linked to the following programme(s)	Status
PGDip/MSc Global Health Policy (Distance Learning -	Elective
University of London Worldwide)	

Module Aim and Intended Learning Outcomes

Overall aim of the module

The overall module aim is to:

 introduce students to the role of law, both national and international, as a tool of global health policy enabling them to assess how and when law can advance global health policy goals.

Module Intended Learning Outcomes

Upon successful completion of the module a student will be able to:

- 1. Demonstrate a basic understanding of national and international law, including its sources and implementation in a variety of contexts;
- 2. Critically assess the role of national and international law in protecting and promoting or negatively affecting health;
- 3. Compare diverse legal/regulatory frameworks relating to health;
- 4. Critically discuss the relationship between global health policy issues and diverse legal/regulatory frameworks.

Indicative Syllabus

Session Content

The module is expected to cover the following topics:

- Introduction to law and global health policy;
- Introduction to national law;
- Introduction to international law;
- National law and healthcare;
- National law and the determinants of health (other than health care);
- National law and infectious disease control (national 'public health law');
- International law and infectious disease control (the International Health Regulations);
- International law and the determinants of health I (the Framework Convention on Tobacco Control);
- International law and the determinants of health II (the Framework Convention on Climate Change);
- International law and healthcare I (the Agreement on Trade-Related Aspects of Intellectual Property Rights);
- International law and healthcare II (The International Covenant on Economic, Social and Cultural Rights).

Teaching and Learning

Notional Learning Hours

Type of Learning Time	Number of Hours	Expressed as Percentage (%)
Directed self-study	66	44
Self-directed learning	34	23
Assessment, review and revision	50	33
Total	150	100

Teaching and Learning Strategy

Learning is self-directed against a detailed set of learning objectives using the materials provided. Module tutors provide asynchronous support for students by replying to students' questions in open online discussion forums and facilitating discussion. Students are also strongly encouraged to participate in live webinars available on Moodle to obtain tutor support, and to make use of LSHTM online library resources. In addition, written feedback is provided on submitted formative assignments.

Assessment

Assessment Strategy

Formal assessment of this module includes a written (2000 word) assessed assignment (30%) and a final two-hour unseen written examination (70%).

For the AA the students focus on national law and global health policy by focusing on the legislation of a particular country. The AA focuses on Learning Outcomes 1, 2 (focus on national law). Written feedback is provided for the AA allowing students to build on the skills and knowledge that is tested in the AA for the exam.

For the final exam the students focus on international law and global health policy. The exam focuses on Learning Outcomes 3,4 but requires the student to apply their learning across the whole of the module.

Summative Assessment

Assessment Type	Assessment Length (i.e. Word Count, Length of presentation in minutes)	Weighting (%)	Intended Module Learning Outcomes Tested
Assessed Assignment	2000 words	30	1,2
Exam	2 hours	70	3,4

The assessed assignment for this module can be submitted only once annually, no later than 31 March and must be submitted via the online Assignment Management System.

Timed examinations for DL modules are held once a year, in June (including resits). Examinations in 2021/22 will either be taken in a student's country of residence in one of over 650 examination centres worldwide or will be held online. If the June 2022 module exam is held at a local examination centre, a local fee will be payable direct to the exam centre. This fee will be in addition to the module fee and is set by, and paid directly to, the individual examination centre. The level of local examination centre fees varies across the world and neither the University of London nor the LSHTM have any control over the fee amount. If the June 2022 module exam is held online, no additional exam entry fee will be payable. (Note that for those resitting module assessments, a fee will be payable.)

Resitting assessment

Resits will follow the LSHTM Resits Policy, which is published at the start of each academic year. The current policy can be found here: <u>Resits Policy.</u>

Teaching for Disabilities and Learning Differences

The LSHTM Moodle has been made accessible to the widest possible audience, using a VLE that allows for up to 300% zoom, permits navigation via keyboard and use of speech recognition software, and that allows listening through a screen reader.

For students with special needs, reasonable adjustments and support can be arranged – details and how to request support can be found on the University of London Worldwide website at https://london.ac.uk/applications/how-it-works/inclusive-practice-access-arrangements
