## HAPPY NEW YEAR!

This is our first e-bulletin of the year and we would like to start by wishing you all a happy new year. We hope you had an enjoyable festive period and are excited for the year ahead! So far we have recruited **3636 participants**, which means we are only **229 participants** away from recruiting 50% of our total sample. What an incredible achievement. Your hard work and dedication has helped us reach this stage.

## INTERIM ANALYSIS - Data Entry

Our first interim analysis will take place once we have recruited 3865 (50%) participants. Our data team will continue to send you a list of your overdue forms and outstanding queries every month. Please ensure these data are entered and the queries are resolved as soon as possible.

INTERIM ANALYSIS DEADLINE: All data must be entered by 30th April 2023
