

BHF PROTECT-TAVI

INTERIM ANALYSIS UPDATE

The BHF PROTECT-TAVI Data Monitoring Committee met on Monday 12 June 2023 to perform the first interim analysis.

We are delighted to inform you that the Data Monitoring Committee recommends the trial should continue as planned. The committee also commended the progress achieved thus far.

**THANK
YOU**

To everyone who has worked so hard to get us to this stage.

WHAT HAPPENS NEXT?

Preparation now begins for our second planned interim analysis which will take place once we have recruited 70% of our sample (5411 participants). **Based on our current projection, we expect to reach the 70% recruitment mark in January 2024!**

Please continue to enter the trial data and upload supporting documentation for strokes in a timely manner.

MAY RECRUITMENT - 181 participants

4484
Participants

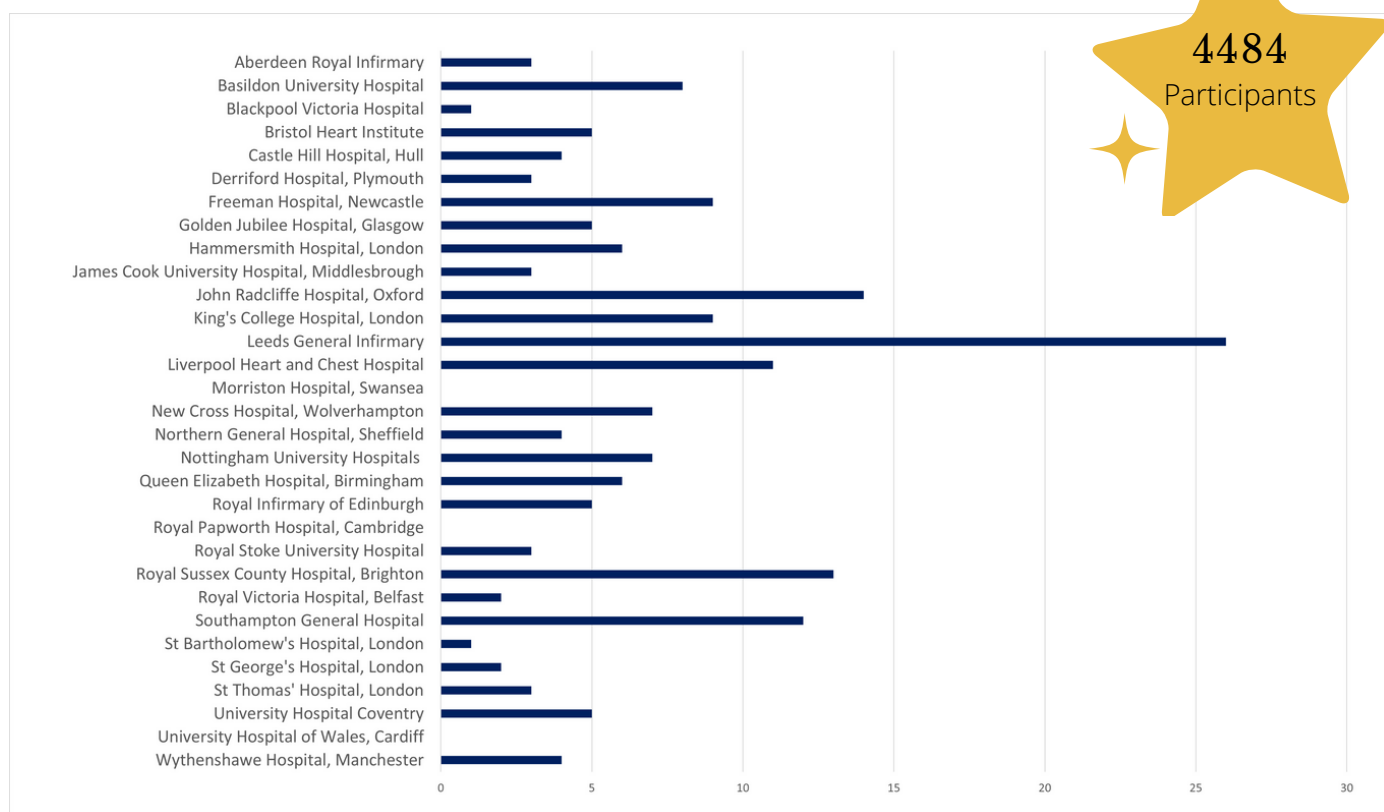

Chart above shows the number of participants recruited per site in May.

SITE MILESTONES

Congratulations to **Bristol Heart Institute** and **Castle Hill Hospital** for randomising their 50th participant! Keep up the great work.
