

PENDA Impact Evaluation Grant Webinar

Bangladesh Inclusive Education

Calum Davey & Georgie Gaskell

International Centre for Evidence in Disability

7&10 February 2020, 10am GMT

International
Centre for Evidence
in Disability

Background

- 15% people have a disability globally
- PWD excluded from development initiatives (education, health, livelihoods, social protection)
- Programme for Evidence to Inform Disability Action, PENDA: DFID grant (P,K,T); paired with *Inclusive Futures*
- Ten impact evaluations, 6 by LSHTM and 4 commissioned

Opportunity

- Conduct an impact and process evaluation
- Disability Inclusive Education programme, Bangladesh
- Team of researchers with expertise in evaluation and inclusive education
- Up to £500,000, maximum 36 months
- Two stage process:
 1. Expression of Interest
 2. Invitation to full proposal

Disability Inclusive Education Programme

- Consortium of four delivery partners across two districts
- Two years; implementation begins January 2021
- Children with disabilities from 5-16 years, particularly:
 - Dropped out of school;
 - Never enrolled;
 - Children with severe and multiple disabilities.
- Individual, local and governmental impact anticipated

Impact evaluations

- Estimate the effect of the project on important outcomes
- Usually require data collected at two times (beginning and end)
- Compare those who get the programme and those who do not
- Going beyond ‘what works?’
- How, why, and for whom
- Process evaluation
- Theory of change

Evaluation timeline

Design

- Workshop
- Theory of change
- Protocol
- Ethics & review

Conduct

- Baseline
- (Randomisation)
- Process-eval.
- Endline

Report

- Peer-reviewed papers
- CONSORT
- Theory of change

Follow-up (usually 1-2 years) plus analysis and writing (approximately 6 months)

Approximately 6 months

What we're looking for – Basic eligibility

- Legally registered organisations
- Led by researchers in low or lower-middle-income countries
- Evaluation experience
- Experience with inclusive education
- History of operational partnerships in Bangladesh

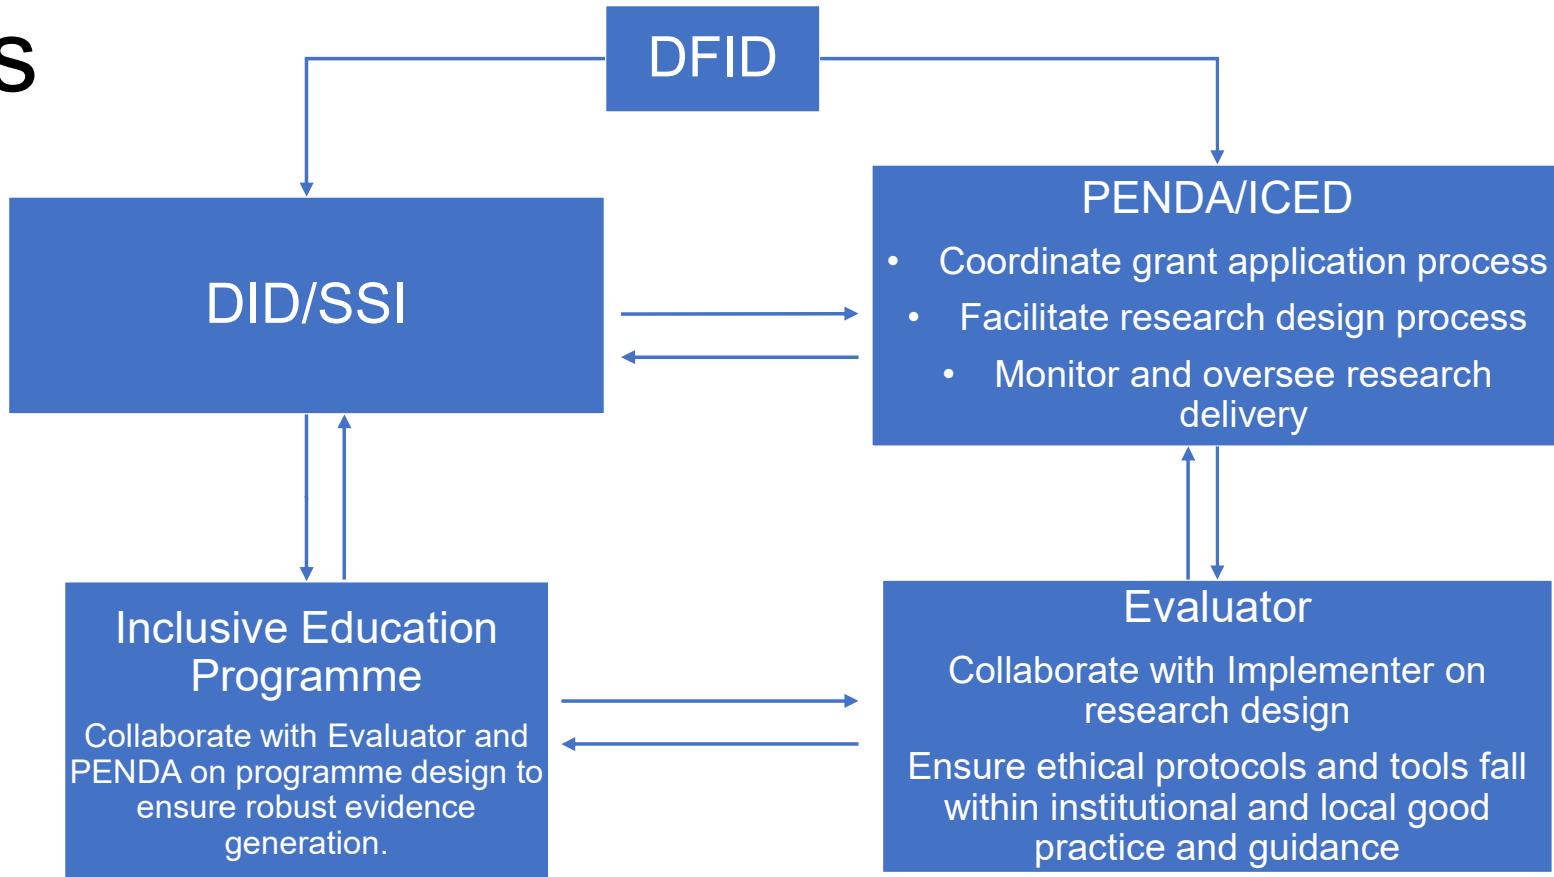

What We're Looking For – EoI

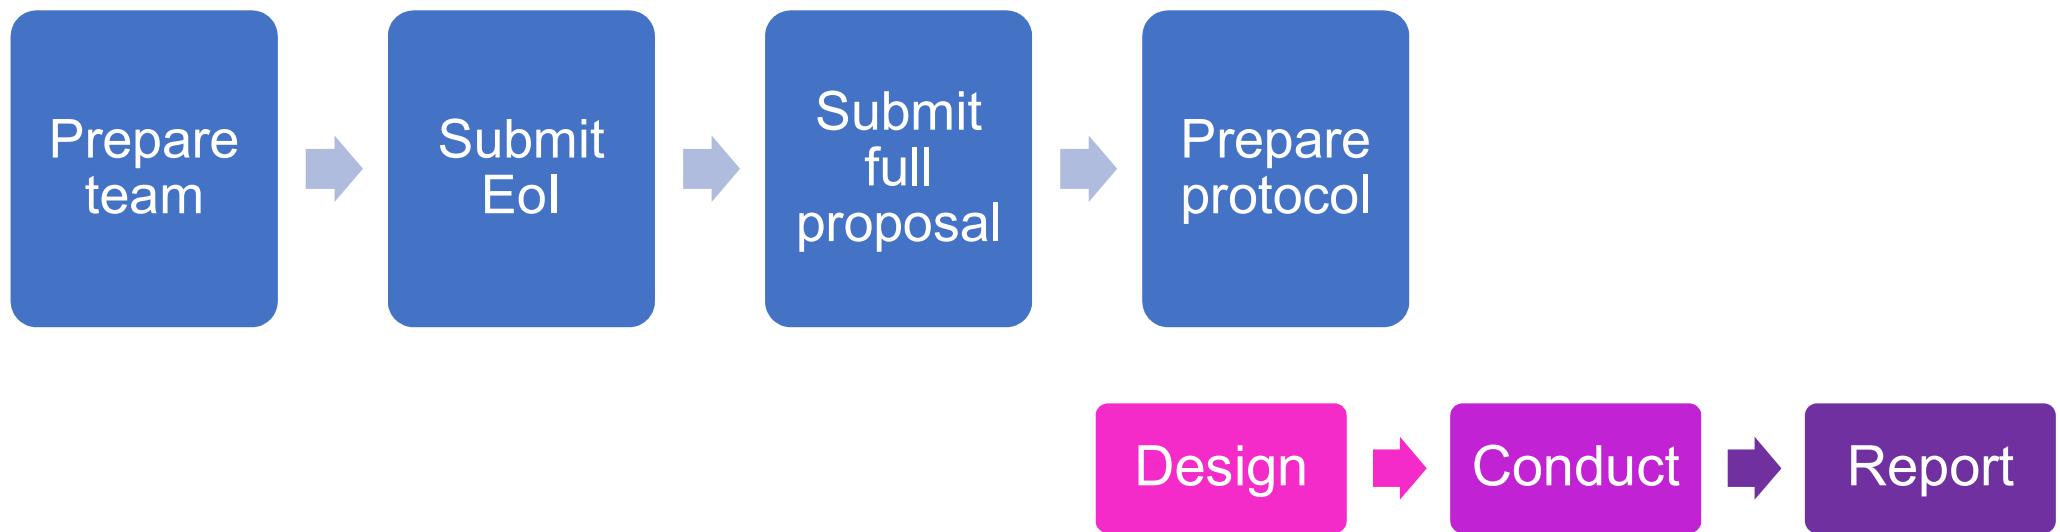

- Team composition
- Collaborations
- Experience
- Capacity to implement
- Research interest

Roles

Commissioning process

Application Process

- Expression of interest
 - An opportunity for applicants to develop a team and showcase relevant experience
 - Collaboration
 - Appendices of CVs, Team structure.
- Full application
 - Research design and methodology
 - will be explored at Full Proposal and Design workshop stage.

Application Timeframe

Date	Action
13 January	Call for Expression of Interest applications opens
21 February	Expression of Interest deadline
28 February	Shortlisted applicants notified of Full Application progression
25 March	Full Application deadline
31 March	Successful applicant notified
20 April	Evaluation design workshop – Bangladesh, - PENDA, Evaluator, Implementer
May	Contracts in place
June	Ethics approval in place, research to begin

Questions

- Can individual applicants apply?
- Are appendices allowed?
- How will 'Operational Partnerships' be measured?
- How long has the programme been running?
- Is data available on the programme?
- Are there specific tools you would anticipate the researchers using?
